

RESEARCH COLLABORATION REQUEST

The Pac-12 Student-Athlete Health and Well-Being Initiative

The Pac-12 Student-Athlete Health and Well-Being Initiative is a collective effort between the conference and our member universities to find ways to reduce injuries, share current best practices and latest studies, and conduct research to uncover new ways to keep student-athletes as safe as possible.

Please complete the survey below, if you are interested in a research collaboration with one or more Pac-12 schools involving the Pac-12 student-athlete population. Your application will be reviewed by the appropriate Task Force, the Grants Committee and the Pac-12 Student Athlete Health and Well-Being Board (Board), which is made up of athletic program health representatives from each Pac-12 school. If approved, the Board will recommend a project director and school who will be the main point of contact for the project. You will be directed to work with the appropriate personnel to work through any required administrative, contractual, compliance and/or legal details to conduct such an approved study.

1. Today's date
 2. Name, Title and Affiliation of individual submitting request
 3. Submitter's email
 4. Submitter's telephone number
 5. Name(s), Title(s), and Affiliation(s) of Co-Investigators/working group members
 6. Working Title of project
 7. Pac-12 Student-Athlete Health and Well-Being Initiative Project – mark all that apply
 - Pac-12 CARE Affiliated Program (CAP)
 - Pac-12 Health Analytics Program (HAP)
 - Other – explain
 8. Type of collaboration with the Pac-12 Student-Athlete Health and Well-Being Initiative
 - Collaboration involving use of products (e.g., device, drug, supplement)
 - Collaboration involving use of survey(s)/questionnaire(s)/measures(s)
 - Collaboration involving Pac-12 for support of new study
 - Other – explain
 9. Research involves product-related research or development (e.g., device, pharmaceuticals, supplement, mobile apps, software and services, etc.)
 - Yes
 - No
- Note: Products that may include product-related research or development involve additional terms and limitations
10. Product Name (if applicable)
 11. Product Website (if applicable)
 12. Name of Survey(s)/Questionnaire(s)/Measure(s) (if applicable)

13. Describe the proposed collaboration with the Pac-12 Student Student-Athlete Health and Well-Being Initiative:
14. Identify the objectives and description of methods/approaches that will be employed to address the scientific questions proposed. (500-1000 word maximum)
15. List any peer reviewed references supporting the product/survey/questionnaire/measure's validity, reliability, and/or previous use in research.
16. Provide a description of the proposed roles to be played each by the company/sponsor/submitter/working groups/Consortium in the conduct of the collaborative project. (500-1000 word maximum)
17. Discuss proposed timelines (e.g., start/end dates, milestones, etc.) for the conduct of the collaborative project. (500-1000 word maximum)
18. Indicate which of the following forms of support may be available for the project (please mark all that apply):
 - Funding
 - Product
 - Personal
 - None
 - Other - explain
19. Provide a preliminary, high-level proposed budget which will be required to conduct the collaborative project. Include standard market value for participation in this or similar product-related research or development.

Note: If funding is provided for this project, it is incumbent upon the funder to understand each University's costing policies that are involved in the project.
20. Will any regulatory obligations be required to have been met prior to the initiation of the collaboration project, e.g., Institutional Review Board (IRB) approval, Food and Drug Administration (FDA) approval, funding agency approval, sponsor approval, etc.?
 - Yes
 - i. If yes, please provide a detailed explanation of what will be needed.
 - No
 - Unknown
21. Are there any Intellectual Property (IP) issues related to the collaborative project? Please explain.
22. Please describe any additional information which should be considered by the Pac-12 Research Grant Program Committee in its review of this application.
23. Send a completed application to SA_HealthWellBeing@pac-12.org
